Payvision Rolls Out New Partnership With RazorQuote

Top International Processor Gives ISO New Opportunities

Amsterdam, The Netherlands - August 25, 2008. Payvision, one of the leading international payment solutions providers for the card-not-present marketplace, announced today it has brokered a strategic alliance with RazorQuote, a registered ISO of Chase Paymentech, to provide global processing solutions to their merchant base.

The new partnership will address the multiple currency needs of RazorQuote's substantial merchant portfolio and enable RazorQuote to create new business from existing customers who are looking to cross international borders.

"We are delighted to offer RazorQuote the ability to expand their international footprint and provide superior global processing solutions for their merchants," says Rudolf Booker, CEO of Payvision.

Payvision offers card-not-present processing services via its secure, PCI-compliant platform for all major credit cards including Visa, MasterCard, American Express, Discover Card, Diner's Club, Carte Blanche, JCB and Carte Bleue.

"We have been searching for a partner with true global processing capabilities for the past two years," says Brian Young, CEO of RazorQuote. "With Payvision's ability to process in 150 currencies in over 40 countries worldwide, we are happy to say that we have found our global processing partner."
